SUMMARY

Aspiring Software Engineer with hands-on experience in full-stack development, building secure and scalable applications across diverse domains. Proficient in modern technologies including React, Node.js, MySQL, and Python, with a track record of delivering end-to-end solutions from design to deployment. Driven by curiosity, adaptability, and a passion for solving real-world problems while growing as an impactful SDE-1.

SKILLS

- **Languages:** C, C++, Python, SQL, Node.js
- **Development:** HTML, CSS, JavaScript, React.js, Next.js
- **Frameworks & Tools:** Django, GitHub, VS Code, PyCharm, MySQL
- **Hosting & Deployment:** Vercel, Render, Railway, Netlify
- **Core CS Concepts:** Data Structures & Algorithms, OOP, DBMS, OS, CN
- **Soft Skills:** Problem-Solving, Teamwork, Adaptability

EDUCATION

Degree	Institute	Board / University	CGPA/Percentage	Year
B.Tech IT	Banasthali Vidyapith, Jaipur, Rajasthan	Banasthali	7.02	2025
12th	Banasthali Vidyapith, Jaipur, Rajasthan	Banasthali	92.8%	2021
10th	Blue Birds International School	CBSE	80.6%	2019

INTERNSHIPS

- **Pedestal Techno World Pvt. Ltd.** Jan 2025 – Jun 2025
Full-Stack Development Intern
 - Contributed to full-stack development by building and enhancing web applications using Node.js, React, and MySQL, ensuring responsive and scalable designs.
 - Implemented RESTful APIs, user authentication, and database integrations to support live project requirements.
 - Collaborated with senior developers to debug, optimize performance, and improve code quality through Git-based version control.
 - Gained end-to-end exposure to the software development lifecycle, from requirements gathering to deployment on platforms like Vercel and Render.

PROJECTS

- **My Music** Aug 2025
Engineered using Next.js, React & CSS
 - Developed a responsive web music player with playlist management, dynamic “Now Playing” interface, and seamless cross-device playback. Integrated modern UI/UX design for smooth interaction.
- **TeleCRM** May 2025
Designed with Node.js, MySQL & React
 - Built a role-based lead management CRM supporting admins, managers, callers, and field agents. Implemented JWT authentication, campaign tracking, and real-time lead status updates to streamline business workflows.
- **Password Manager** Jan 2025
Crafted with HTML, CSS, JS & Node.js
 - Created a secure password manager with encrypted storage, auto password generation, and retrieval system. Focused on security, usability, and data protection for end users.
- **Lost & Found Portal** April 2024
Constructed with HTML, CSS, JS, Python & Django
 - Developed a university portal enabling students to report, search, and recover lost items securely. Added authentication, searchable database, and intuitive UI to improve retrieval efficiency.

CERTIFICATIONS

- **Full Stack Developer Internship** – Pedestal Techno World Pvt. Ltd.
- **AI Aware 2022** – Intel
- **AI Appreciation Badge 2022** – Ministry of Education, Govt. of India
